Professional Summary

QA Automation Engineer with **2.7+ years of experience** in **Web, Mobile, API, and Backend Testing**, specializing in **automation frameworks, CI/CD integration, and performance testing**. Experienced with **Selenium, Playwright, Appium, and Pytest** to improve regression efficiency, release stability, and test coverage across enterprise applications.

Professional Experience

TuningBill Services Pvt Ltd.

Jaipur, India

QA Automation Engineer

October 2025 – Present

- Built a scalable **Mobile Automation Framework** from scratch using **Appium, Pytest, and POM**, creating reusable utilities and modular architecture.
- Integrated **3+ automation suites** into **Azure DevOps and Jenkins CI/CD pipelines**, reducing manual regression effort by **50%**.
- Developed **cross-browser web automation** using **Playwright and TypeScript** for critical business workflows.
- Implemented **parallel mobile execution** using **BrowserStack** across Android and iOS devices.
- Improved automation stability by reducing flaky failures through optimized locators, waits, and retry mechanisms.

IIHT-Techademy Learning Solutions Pvt. Ltd.

Pune, India

QA Automation Engineer

August 2023 – September 2025

- Designed and maintained a **Hybrid Automation Framework** using **Selenium, Python, and Pytest**, reducing regression execution time from **6 hours to 3.5 hours**.
- Conducted **performance testing using JMeter**, identifying bottlenecks and improving response time by **20%**.
- Automated **test data setup** using Python utilities, reducing repetitive manual effort.
- Validated **Kafka streams, WebSockets, and AI workflows** to ensure reliability of asynchronous systems.
- Managed **UAT cycles**, achieving **95% stakeholder approval** and reducing defect resolution time by **30%**.
- Performed **SQL backend validation** across **50+ relational tables** for API and transaction testing.
- Increased **test coverage to 96%** through robust **API and UI automation** using Postman and Selenium.

Technical Skills

- **Automation:** Selenium WebDriver, Playwright, Appium, Pytest, Selenium Grid, Page Object Model (POM), BrowserStack
- **API Testing:** Postman, REST Assured, Swagger, JSON/XML Validation, WebSocket Testing, Kafka Testing
- **Performance Testing:** Apache JMeter, Locust
- **Programming:** Python, Core Java, TypeScript, SQL
- **CI/CD & DevOps:** Jenkins, Azure DevOps, GitLab CI, GitHub Actions, Docker, Git, Linux
- **Database:** MySQL, SQL Joins, Subqueries
- **Tools & Agile:** JIRA, Zephyr, Confluence, Scrum, STLC, Allure Reporting, Extent Reports
- **Certifications:** ISTQB Certified Tester Foundation Level (CTFL), Generative AI Foundation – UpGrad

Education

B.Tech – Bikaner Technical University

March 2019 – September 2022

GPA: 8.5/10
